

Registered pharmacy inspection report

Pharmacy name: Stone Pharmacy

Address: 1 Church Street, Darfield, BARNSELY, South Yorkshire, S73 9JX

Pharmacy reference: 1109245

Type of pharmacy: Community

Date of inspection: 07/10/2025

Pharmacy context and inspection background

This busy community pharmacy is located within a village medical centre. Most people who use the pharmacy are from the local area and a home delivery service is available. The pharmacy dispenses NHS prescriptions, and it sells a range of over-the-counter medicines. It provides seasonal flu and COVID-19 vaccination services, and some other NHS funded services including the Pharmacy First Service. The pharmacy supplies a large number of medicines in multi-compartment compliance aid packs to help people take their medicines at the right time. It operates seven days a week and opens early in the morning and closes late in the evening on weekdays.

This was a reinspection following an inspection in July 2025 where the pharmacy did not meet Standards 1.6, 1.7, 4.2 and 4.3. This reinspection focused on those Standards which had previously not been met. The multi-compartment compliance pack service had been reviewed to ensure packs were fully labelled and communications with prescribers about any changes were recorded. All the stock in the pharmacy had been date-checked and any expired stock removed from the shelves. Medicines which had been removed from their original containers had been appropriately labelled. Some improvements had been made in record keeping, but it was not sufficient to meet the standard. Confidential waste was better separated but team members were still not always using individual NHS smartcards.

Overall outcome: Standards not all met

Required Action: Improvement Action Plan

Standards not met

Standard 1.6

- The pharmacy's records are not always adequately maintained. A review of controlled drug (CD) registers identified some inconsistencies including frequent missing entries and amendments without explanation. This means the pharmacy may not always be able to account for CDs and it cannot consistently demonstrate safe management of these medicines. In addition, the incorrect prescriber is sometimes recorded on private prescriptions records which could make it difficult to clarify matters in the event of a query.

Standards that were met with areas for improvement

Standard 1.7

- The pharmacy takes steps to keep people's private information safe. Team members have been trained on confidentiality and data protection, and confidential waste is separated from general waste. But team members do not always use individual NHS smartcards appropriately to access people's healthcare information. This means information may be accessed without appropriate controls and audit trails.

Standard 4.3

- The pharmacy sources and supplies medicines safely. And it carries out some checks to ensure medicines are in good condition and suitable to supply. But it could better monitor the temperatures of the medical fridges to provide assurance that medicines are always in a suitable condition to supply. And it could do more to restrict unauthorised access to some medicines.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Standard not inspected	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Standard not inspected	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Standard not inspected	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Standard not inspected	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Not met	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	Area for improvement
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Standard not inspected	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Standard not inspected	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Standard not inspected	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Standard not inspected	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Standard not inspected	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Standard not inspected	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	Area for improvement
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Standard not inspected	

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
