

Registered pharmacy inspection report

Pharmacy name: Wise Pharmacy Ltd

Address: 93 Fore Street, LONDON, N18 2TW

Pharmacy reference: 1110947

Type of pharmacy: Community

Date of inspection: 07/11/2025

Pharmacy context and inspection background

This community pharmacy is located on a busy high street in Upper Edmonton, London. It dispenses NHS and private prescriptions. And it sells medicines over the counter. The pharmacy dispenses medicines in multi-compartment compliance packs to some people. And it offers some NHS services such as NHS Pharmacy First and a drug misuse service.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in June 2021 and all standards were met.

Overall outcome: Standards not all met

Standards not met

Standard 1.7

- The pharmacy cannot show that it manages people's information safely. It does not separate its confidential waste from general waste. And it cannot demonstrate that it makes sure any sensitive information on confidential waste is adequately destroyed before disposal or is disposed via more secure routes such as through specialist waste contractors.

Standard 3.1

- The pharmacy stores unsealed, used sharps bins in public areas. This increases the risk of people accidentally being exposed to used needles.

Standard 4.3

- The pharmacy does not always store all its medicines that need safe custody in line with requirements.

Standards that were met with areas for improvement

Standard 1.6

- Although the pharmacy keeps a responsible pharmacist record, it does not always keep these records accurately. This could make it harder for the pharmacy to show who is responsible for the activities the pharmacy is carrying out at a given time.
- The pharmacy keeps the controlled drug records it needs to by law. However it does not keep running balances of all the controlled drugs it supplies. This could make it harder to identify and resolve any discrepancies.

Standard 3.1

- The pharmacy provides aesthetic services via a third party. However, there are inappropriate advertisements for the services displayed within the pharmacy premises.
