

Registered pharmacy inspection report

Pharmacy name: Allied Pharmacy Ferrybridge

Address: 6 High Street, Ferrybridge, KNOTTINGLEY, West Yorkshire, WF11 8NQ

Pharmacy reference: 1115265

Type of pharmacy: Community

Date of inspection: 09/09/2025

Pharmacy context and inspection background

This pharmacy is next door to a large medical centre amongst a small parade of shops in the village of Ferrybridge. The pharmacy dispenses NHS prescriptions and sells over-the-counter medicines. It delivers medicines to people and provides several people with their medication in multi-compartment compliance packs. The pharmacy provides other NHS services including Pharmacy First and the hypertension case finding service. It also provides a private weight loss service.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all the standards were inspected on this occasion. The pharmacy was last inspected in December 2019 and all standards were met. The pharmacy changed ownership in August 2023.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- The pharmacy has written procedures but they are past their review date and team members have not signed the signature sheet to show they have read them. This means some procedures may be out of date and there is a risk team members may not be following correct procedures.

Standard 1.2

- The pharmacy's written procedures include managing errors in the dispensing process and team members take appropriate action in response to errors. But they don't always record the errors so they don't have all the information to help them learn from their mistakes and to identify patterns.

Standard 1.6

- The pharmacy maintains most of the records it should. But the responsible pharmacist record has missing entries of the time the pharmacist ceased their responsible pharmacist duties. And records of supplies of medicines from private prescriptions have missing details.

Standard 4.3

- The pharmacy checks the expiry dates of medicines and the temperature range in the fridges. But it does not record these checks and does not mark medicine packaging with short expiry dates. This means there is no audit trail of the checks the team makes in case of queries. And the team may dispense short-dated medicines in error.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	Area for improvement
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	Area for improvement
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	Area for improvement
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	Area for improvement
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
