Pharmacy context and inspection background

This is a community pharmacy located on a busy main road in the centre of Melton Mowbray. It is open extended hours Monday to Saturday and most of its activity is dispensing NHS prescriptions. It also provides a prescription delivery service, the NHS Pharmacy First service, and it supplies medicines in multi-compartment compliance packs to some people.

This was a reinspection following an inspection in November 2025 where the pharmacy did not meet Standards 1.2 and 4.3. This inspection focused on the Standards which had previously not been met. The pharmacy has procedures in place to deal with dispensing incidents and near misses. They record them, review them, and the team were able to explain what they had learnt from them to make their processes safer. Stock medicines were now stored tidily with different medicines and strengths of medicines separated. Staff were able to clearly explain the importance of putting stock away neatly and how this reduced the risk of a dispensing mistake being made.

Overall outcome: Standards met
