

# Registered pharmacy inspection report

## Pharmacy name: Assured Pharmacy

**Address: Springfield House, Water Lane, WILMSLOW, Cheshire, SK9 5BG**

**Pharmacy reference: 1121967**

**Type of pharmacy: Internet / distance selling**

**Date of inspection: 15/12/2025**

### Pharmacy context and inspection background

The pharmacy is in an office building in the centre of Wilmslow, Cheshire. It provides a private online prescribing service for patients through its website [www.assuredpharmacy.co.uk](http://www.assuredpharmacy.co.uk). It operates using on-site and remote pharmacist independent prescribers and its main activity is prescribing and supplying treatment for weight loss. The pharmacy dispenses private prescriptions written by the prescribers and arranges for a third-party courier to deliver the medicines to people's homes. It also prescribes and supplies medicines for the treatment of erectile dysfunction, premature ejaculation and hair loss.

This was a reinspection following an inspection in June 2025 where the pharmacy did not meet Standards 1.1, 1.2 and 4.2. This reinspection focused mainly on those Standards which had previously not been met. Since the previous inspection the pharmacy has updated its written procedures, including its risk assessments and prescribing policies. And it has made some improvements in the way it assesses the quality and safety of its services. This includes auditing medicines requiring cold storage during the delivery journey to show they remain within the required temperature range. Prescribers hold video consultations to assess the suitability of treatment following the completion of an online questionnaire.

**Overall outcome: Standards met**

**Required Action: None**

## Standards that were met with areas for improvement

### Standard 1.2

- The pharmacy completes some ad hoc audits to provide assurances of the safety and quality of its services. And it reviews near misses and errors to learn from them. But it doesn't adhere to its clinical audit schedule so may be missing opportunities to improve the safety of its services.

### Standard 1.6

- The prescribers make records of the consultations they have with people based on pre-set questions. But the way the pharmacy records the full detail of these conversations, including advice given and reasons for prescribing or refusal of treatments, makes it difficult to refer to if there are queries.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	<b>Area for improvement</b>
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Standard not inspected	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Standard not inspected	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	<b>Area for improvement</b>
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Standard not inspected	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Standard not inspected	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Standard not inspected	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Standard not inspected	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Standard not inspected	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Standard not inspected	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Standard not inspected	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Excellent practice</b>	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
