Pharmacy context and inspection background

This pharmacy is located near a GP surgery in Herstmonceux, East Sussex. It dispenses people's prescriptions, sells over-the-counter medicines and provides health advice. It prepares medicines in multicompartment compliance packs for people who need help managing their medicines at home. And offers consultations and some medicines through the Pharmacy First service.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in October 2015.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.6

- The pharmacy does not always record the correct prescriber details when dispensing prescriptions. It also does not keep a record of the reasons for making emergency supplies, or the

nature of the emergency. This may mean that this information is harder to find if there was a query. Team members did provide assurances that this information would be clearly documented in the future.

Standard 4.2

- The pharmacy supplies valproate products in compliance packs to some people. But it doesn't keep any written risk assessments to show how it makes sure these supplies are safe and appropriate. Team members provided assurances that they would complete them in future.
