

# Registered pharmacy inspection report

## Pharmacy name: Mens Pharmacy

**Address: Emerson Building, Springfield House, 30-38 Water Lane, WILMSLOW, Cheshire, SK9 5BG**

**Pharmacy reference: 1126385**

**Type of pharmacy: Internet / distance selling**

**Date of inspection: 12/06/2025**

### Pharmacy context and inspection background

This is a distance selling pharmacy located within an office building in the centre of the town of Wilmslow, Cheshire. The pharmacy operates private services via the website [www.menspharmacy.co.uk](http://www.menspharmacy.co.uk). People can access treatments for erectile dysfunction, hair loss and premature ejaculation. The prescriptions are issued by pharmacists who are independent prescribers working for a closely affiliated pharmacy, which is located within the same office building. The pharmacy outsources the dispensing of prescriptions to a pharmacy based in Bristol.

This was a routine inspection of the pharmacy. The pharmacy was last inspected in March 2016. Due to the pharmacy's limited operations, not all Standards were able to be inspected.

**Overall outcome: Standards not all met**

**Required Action: Improvement Action Plan**

### Standards not met

#### Standard 1.1

- The pharmacy works with third-party providers to manage its prescribing and dispensing processes. However it does not have up-to-date risk assessments, standard operating procedures or a service level agreement to support its team members in being able to manage this process safely and effectively. This is not in line with GPhC guidance for providing services at a distance.

## **Standard 1.2**

- The pharmacy has stopped completing regular audits, and has not completed any since the GPhC updated its Guidance for providing services at a distance. This means the pharmacy does not have robust systems in place to identify trends within prescribing data and prompt intervention. And so, the pharmacy cannot suitably monitor and improve the quality and safety of its services.

## **Standards that were met with areas for improvement**

### **Standard 3.1**

- The pharmacy's website is professional. However, it does not clearly display that people's prescriptions will not be dispensed by the pharmacy, but by a third-party provider.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public
