Registered pharmacy inspection report

Pharmacy name: Mediclinic Pharmacy

Address: 2-4 Longshaw Road, Maidstone, Kent, ME15 9JD

Pharmacy reference: 9010316

Type of pharmacy: Community

Date of inspection: 28/10/2026

Pharmacy context and inspection background

This is a community pharmacy on a parade of shops in a largely residential area of Maidstone. In addition to providing NHS dispensing services, the pharmacy provides NHS services such as the New Medicine Service, Pharmacy First service, Hypertension Case Finding service and Contraception service. It also provides flu, COVID-19 and travel vaccinations under patient group directions. And it supplies medicines in multi-compartment compliance packs to people who need this support. It delivers medicines to some people's homes. And it also provides supervised administration of certain medicines.

This was an inspection of the pharmacy which focused on the core Standards relating to patient safety. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in December 2016, when it was under different ownership.

Overall outcome: Standards met

Required Action: Not Required

Standards that were met with areas for improvement

Standard 4.2

- Overall, the pharmacy manages its services safely. But it doesn't routinely highlight prescriptions for higher-risk medicines to help make sure appropriate checks are made with people when these medicines are supplied. So, it may be missing opportunities to provide further advice to people receiving these medicines to help them take their medicines safely. In addition, the pharmacy team members understand that some prescriptions are only valid for 28 days, but these are not always highlighted. So, this may increase the chance of these medicines being supplied when the prescriptions if no longer valid.
