

Registered pharmacy inspection report

Pharmacy name: H A McParland Ltd

**Address: 8 Woodlands Business Park, Woodlands Park Avenue,
Maidenhead, Berkshire, SL6 3UA**

Pharmacy reference: 9010412

Type of pharmacy: Community

Date of inspection: 17/11/2025

Pharmacy context and inspection background

This pharmacy is situated in a business unit on an industrial park in the outskirts of Maidenhead. It is not accessible to members of the public. It operates as a central assembly hub mainly dispensing medicines in multi-compartment compliance packs for several pharmacies associated with the McParland group. The pharmacy also dispenses some electronic repeat dispensing prescriptions for one of the pharmacies. The unit also contains the company's wholesaling operation which is regulated by the Medicines and Healthcare products Regulatory Agency.

This was a reinspection following an inspection in March 2025 where the pharmacy did not meet Standards 1.1, 1.2, 1.6 and 4.3. This reinspection focused on those Standards which had previously not been met. Since the last inspection, the pharmacy has updated some of its written procedures and record keeping has improved. However, it needs to make further improvements to its processes to ensure the pharmacy consistently operates safely and that the working environment is conducive to safe practice.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- The pharmacy's working procedures are generally appropriate, but they must be monitored and reviewed regularly to ensure they consistently reflect current legal requirements and best practice.

Standard 1.2

- Although the pharmacy records patient safety incidents, there is no formal mechanism for spoke pharmacies to notify the hub of relevant errors. As a result, the team may miss opportunities to share learning and improve practice.

Standard 3.1

- The pharmacy is reasonably spacious, but some areas are cluttered and untidy. The layout and organisation could be improved to provide a safer and more efficient working environment.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public
