

Registered pharmacy inspection report

Pharmacy name: Sama Pharmacy

Address: 8 St. Michaels Court, Victoria Street, West Bromwich, West Midlands, B70 8ET

Pharmacy reference: 9010647

Type of pharmacy: Internet / distance selling

Date of inspection: 04/03/2025

Pharmacy context and inspection background

The pharmacy is located just off the main High Street in West Bromwich. It holds an NHS distance selling contract, so it is not open to the public. Instead, it offers a delivery service to help make sure people get their medications on time. The pharmacy primarily supplies medicines to care homes and it also dispenses a small number of prescriptions that are delivered directly to people's homes. Some medicines are supplied using multi-compartment compliance aid packs to help make sure they are taken correctly.

This was a full intelligence-led inspection of the pharmacy following information received by the GPhC. The pharmacy was last inspected in November 2019 and all standards were met.

Overall outcome: Standards met

Required Action: None

Standards that were met with areas for improvement

Standard 1.1

- The pharmacy had Standard Operating Procedures (SOPs) which covered the operational activities, but they were not regularly reviewed to ensure they reflected current practice. This may mean team members may not always know what is expected of them. The superintendent pharmacist was aware of this and had started to review them. There was a plan in place to ensure the pharmacy team members received training on the new SOPs.

Standard 1.2

- Team members do not always record and review their dispensing mistakes, so they may miss opportunities to learn and make improvements.

Standard 4.3

- The pharmacy does not always keep date checking records as evidence of regular date checking or mark split liquid medicines with the date that the bottle was opened. This may increase the risk of expired medicines being present amongst stock.
