

Registered pharmacy inspection report

Pharmacy name: Swan Lane

Address: 14 Swan Lane, Bolton, Greater Manchester, BL3 6TL

Pharmacy reference: 9010830

Type of pharmacy: Community

Date of inspection: 02/06/2026

Pharmacy context and inspection background

This pharmacy is located next door to a GP practice in Bolton. The pharmacy dispenses NHS prescriptions and private prescriptions. And it sells some over-the-counter medicines. The pharmacy also provides the NHS hypertension service, New Medicine Service (NMS) and the NHS Pharmacy First Service.

This was a full routine inspection of the pharmacy. The pharmacy was last inspected in April 2021 and all standards were met. The pharmacy changed ownership in December 2025.

Overall outcome: Standards not all met

Required Action: Improvement Action Plan

Standards not met

Standard 1.1

- The pharmacy does not have an appropriate standard operating procedure (SOP) describing how authorised team members should supply prescriptions that are ready to collect when the Responsible Pharmacist (RP) is not on the premises. Without this written procedure, there is a risk that medicines could be handed out unsafely and team members may make inconsistent

decisions.

Standard 4.3

- The pharmacy does not always manage its medicines appropriately. It does not have a robust process to check for expired medicines and it cannot always demonstrate that it stores cold chain medicines appropriately to help make sure they remain safe to supply.

Standards that were met with areas for improvement

Standard 1.6

- The pharmacy generally completes required records, but some records of its higher risk medicines aren't always completed in line with requirements and balance checks of higher risk medicine stock are infrequent. This could make audit more difficult and increase the risk of discrepancies going unnoticed.

Standard 4.2

- The pharmacy provides medicines in multi-compartment compliance packs to help people take their medicines. But they do not routinely provide patient information leaflets. So people may not always have up to date information about their medicines.

Standard 4.4

- The pharmacy receives alerts for the recall of medicines and medical devices. But it does not keep a record of the relevant action that it takes. This means that the pharmacy may not always be able to demonstrate how it responds to recall and safety notices.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Not met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	Area For Improvement
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	Area For Improvement
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Not met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	Area For Improvement

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
