

Registered pharmacy inspection report

Pharmacy name: Four Acre Chemist

Address: Four Acre Lane, Unit 1 - 2, St. Helens, Merseyside, WA9 4BZ

Pharmacy reference: 9010949

Type of pharmacy: Community

Date of inspection: 18/09/2025

Pharmacy context and inspection background

This is a community pharmacy located in a shopping parade in St Helens. NHS dispensing is the main activity, and the pharmacy also provides a number of other NHS services including Pharmacy First, the New Medicine Service (NMS), the emergency hormonal contraception service (EHC) as well as the contraception service. The pharmacy also provides a private weight loss service and dispenses medicinal cannabis against private prescriptions. And it sells a range of over-the-counter medicines.

This was a reinspection following an inspection in April 2025 where the pharmacy did not meet Standards 1.6 and 4.3. This reinspection focused on those Standards which had previously not been met. The pharmacy had implemented a new process to ensure all higher-risk medicines were stored in accordance with legislation and Standard 4.3 was found to have been met. It had also made some progress in making the required records for its higher risk medicines. But the records were not accurate and some supplies that had been made had not been entered into the register. Therefore, the remedial actions taken had not been sustained, and standard 1.6 remains as not met.

Overall outcome: Standards not all met
