Pharmacy context and inspection background

This community pharmacy is located inside a medical centre in a residential area of Sparkbrook, Birmingham. It is open extended hours including evenings and weekends. The pharmacy dispenses NHS prescriptions, private prescriptions and sells over-the-counter medicines. It also provides a range of other services including NHS Pharmacy First, NHS community pharmacy blood pressure check service, and seasonal flu and covid vaccinations. The pharmacy supplies medicines in multi-compartment compliance packs to some people to help them take their medicines at the right time and it provides medicines to some care homes.

This was a desktop inspection following an inspection in October 2025 where the pharmacy did not meet Standard 4.3. This reinspection focused on the Standard which had previously not been met. The pharmacy has reviewed its arrangements from storing and delivering cold chain medicines and has provided evidence that these have been embedded into daily practice.
