

# Registered pharmacy inspection report

## Pharmacy name: MedExpress Pharmacy

**Address:** Unit 7B, Datapoint, Cody Road, London, E16 4TL

**Pharmacy reference:** 9011509

**Type of pharmacy:** Internet / distance selling

**Date of inspection:** 09/12/2024

### Pharmacy context and inspection background

This is a distance-selling pharmacy ([www.medexpress.co.uk](http://www.medexpress.co.uk)). The pharmacy only dispenses private prescriptions generated by a CQC-registered prescribing service. Medicines are delivered via courier to people living in the UK. The pharmacy also delivers to people in the EU via Ireland. The types of medicines mainly dispensed are for conditions such as erectile dysfunction, weight management, hair loss, and asthma.

This was an inspection of the pharmacy to follow up on information of concern received by the GPhC. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in September 2023 and standards were all met.

**Overall outcome:** Standards not all met

**Required Action:** Improvement Action Plan

Follow this link to [find out what the inspections possible outcomes mean](#)

### Standards not met

#### Standard 1.1

- At the time of inspection, the pharmacy could not sufficiently demonstrate that it had appropriately reviewed and mitigated the risks associated with its services, in particular working with a third-party prescribing service and providing its services at a distance.

## Standard 4.2

- The pharmacy relies on the third-party prescribing service to make clinical checks about medicines people are prescribed. The pharmacy cannot demonstrate that there is sufficient clinical oversight of its dispensing process. So, this could increase the risk that people receive medicines which are not clinically appropriate for them.

## Standards that were met with areas for improvement

### Standard 2.6

- Some people have received discount codes for the weight-loss service. When using discount codes, the pharmacy must ensure that it and any third-party prescribing service it works with meets any guidance or requirements issued by other UK regulators such as the Medicines and Healthcare products Regulatory Agency (MHRA) and The Advertising Standards Authority (ASA). For example, discount codes must not be offered for named prescription-only medicines.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

### Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Not met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Standard not inspected	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Standard not inspected	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	<b>Area for improvement</b>

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

### Summary outcome: Standards not all met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Standard not inspected	
4.2 - Pharmacy services are managed and delivered safely and effectively	<b>Not met</b>	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Excellent practice</b>	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
