Pharmacy context and inspection background

This pharmacy is located in a residential area in Barnet. It is closed to members of the public. Its main activity is dispensing and delivering NHS prescriptions for care homes. And it provides some medicines for people in multi-compartment compliance packs.

This was a reinspection following an inspection in October 2024 where the pharmacy did not meet Standards 1.1, 1.6, 2.1 and 4.2. The pharmacy has changed ownership since the last inspection. This reinspection focused on those Standards which had previously not been met. The pharmacy is now maintaining the necessary responsible pharmacist (RP) records. It is currently not providing any services via patient group directions (PGDs). And the pharmacy is no longer selling medicines online via its website.

Enforcement action has been taken against this pharmacy, which remains in force at the time of this inspection, and there are restrictions on the provision of some services. The enforcement action taken allows the pharmacy to continue providing other services, which are not affected by the restrictions imposed.

Overall outcome: Standards met
