

Registered pharmacy inspection report

Pharmacy name: Broughton Pharmacy

Address: 86 Devonshire Street, Salford, Greater Manchester, M7 4AE

Pharmacy reference: 9011844

Type of pharmacy: Community

Date of inspection: 14/08/2026

Pharmacy context and inspection background

This is a traditional community pharmacy, situated on a main road of a suburban residential area, serving the local population. It mainly prepares NHS prescription medicines, and it supplies several local care homes. The pharmacy orders people's repeat prescriptions on their behalf. A large number of people also receive their medicines in weekly multi-compartment compliance packs to help make sure they take them safely. The pharmacy provides other NHS services including flu vaccinations, Pharmacy First, local minor ailment treatments and substance misuse treatment services. It also has a home delivery service.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in June 2024 and all standards were met.

Overall outcome: Standards met

Required Action: Not Required

Standards that were met with areas for improvement

Standard 1.7

- The pharmacy generally safeguards confidential information. However, sensitive stationery is not

always stored securely, creating a risk of unauthorised access.

Standard 3.1

- The pharmacy is generally clean and tidy, but some baskets of partially prepared prescription medicines are temporarily stored on the dispensary floor, and some boxes are kept in the retail area, which may create a trip hazard for the public.

Standard 3.3

- The pharmacy's WC facilities are generally maintained, but the floor requires cleaning.

Standard 4.3

- The pharmacy generally secures its medicines. But it stores a small number of prescription medicines in unsecured areas which creates a potential security risk.
