Pharmacy context and inspection background

The pharmacy is in a business centre in Slaithwaite, near Huddersfield. It dispenses private prescriptions for a small range of unlicensed topical and oral medicines to help treat hair loss following a private online consultation. People access the service via its website, www.unthinhair.com. The pharmacy does not have a contract to provide NHS services and people do not access the pharmacy premises directly.

This was a reinspection following an inspection in September 2025 where the pharmacy did not meet Standards 1.1 and 3.1. This reinspection focused on those Standards which had previously not been met. Since the last inspection, the pharmacy has updated its service risk assessment and key policies governing safe prescribing. It has carried out audits on how it dispenses medicines and checks that prescribing consultations follow its policies. It keeps appropriate records of prescriber's consultations with people and it independently verifies information, when necessary. The pharmacy has updated the layout and information provided on its website to provide clearer information to people.
