

# Registered pharmacy inspection report

## Pharmacy name: **Crystal Pharmacy**

**Address: Office, 3C High Street, Keighley, West Yorkshire, BD21 2AB**

**Pharmacy reference: 9011916**

**Type of pharmacy: Internet / distance selling**

**Date of inspection: 11/08/2025**

### Pharmacy context and inspection background

This is a non-NHS pharmacy in Keighley town centre. It mainly dispenses private prescriptions for botulinum toxins and supplies other aesthetic products. And it dispenses private prescriptions for injectable medicines for weight loss issued by UK based prescribers. Prescribers and practitioners register and access services via its website [www.thecrystalpharmacy.co.uk](http://www.thecrystalpharmacy.co.uk). and via a third-party company, which has its own website. The pharmacy delivers medicines and aesthetic products to aesthetic practitioners. It does not supply direct to patients.

This was a reinspection following an inspection in January 2025 where the pharmacy did not meet Standards 1.1 and 4.2. This reinspection mainly focused on those Standards which had previously not been met and on some other core standards relating to patient safety. Since the previous inspection, the pharmacy had improved its written procedures, including its risk assessments to ensure they were accurate and reflected the services provided. And it had made some improvements to ensure checks made by pharmacists during the dispensing process were more robust, to help highlight when supplies may not be appropriate. The pharmacy had completed an audit, which showed medicines requiring cold storage were maintained at the correct temperature during delivery to practitioners.

**Overall outcome: Standards met**

**Required Action: None**

## Standards that were met with areas for improvement

### Standard 4.2

- The pharmacy receives prescriptions for weight loss injections and has access to the patient's height, weight and body mass index (BMI). It checks the dose and frequency of supplies from the patient medication record (PMR) history. And it checks the patient's BMI on each supply. But it doesn't check the height, weight and BMI from previous supplies and so it does not pick up on anomalies in the records where patients have not lost weight. So, it misses opportunities to ensure ongoing supplies are appropriate.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Standard not inspected	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Standard not inspected	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Standard not inspected	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Standard not inspected	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Standard not inspected	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Standard not inspected	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	<b>Area for improvement</b>
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Excellent practice</b>	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
