### Pharmacy context and inspection background

This is an internet pharmacy in a business park outside Banbury. It dispenses NHS and private prescriptions and it offers services through its website <https://www.oxfordonlinepharmacy.co.uk/>. People who use the pharmacy do not visit the premises in person. They can access a prescribing service which offers prescriptions for a range of conditions. The prescribing service is provided by doctors. The pharmacy mainly supplies medicines to people living in the United Kingdom (UK) and aged 18 years of age and over. It dispenses medicines on veterinary prescriptions under the cascade.

This was a reinspection following an inspection in August 2024 where the pharmacy did not meet Standard 3.1. This reinspection focused on those Standards which had previously not been met. To address the standard highlighted as 'not met' in the action plan, the pharmacy had amended the website so it no longer promoted a small number of products to be used outside the scope of their product licences.

**Overall outcome:** Standards met

**Required Action:** None
