

Registered pharmacy inspection report

Pharmacy name: Ways Pharmacy

Address: 77 Southampton Row, London, WC1B 4ET

Pharmacy reference: 9012227

Type of pharmacy: Community

Date of inspection: 29/05/2026

Pharmacy context and inspection background

This is a community pharmacy in central London. It does not dispense NHS prescriptions or provide other NHS services. But it does sell over-the-counter medicines, dispenses private prescriptions and supplies medicines via patient group directions (PGDs). The pharmacy provides the following services: phlebotomy, weight loss, aesthetics, a variety of vaccinations to protect people against childhood diseases or when they are travelling. And people can place orders through the pharmacy website.

Enforcement action has been taken against this pharmacy, which remains in force at the time of this inspection, and there are restrictions on the provision of some services. The enforcement action taken allows the pharmacy to continue providing other services, which are not affected by the restrictions imposed.

This was a desktop reinspection following an inspection in June 2025 where the pharmacy did not meet Standard 3.1. This reinspection focused on those Standards which had previously not been met. The pharmacy has updated its website to comply with the GPhC distance selling guidance and now displays all the required information. The website includes details of two pharmacy branches and it is clear to people using the services which pharmacy supplies medicines, and under which legal framework prescription-only medicines are supplied.
