Pharmacy context and inspection background

This is a community pharmacy in Glasgow. It dispenses NHS prescriptions including supplying medicines in multi-compartment compliance packs. The pharmacy dispenses private prescriptions and pharmacy team members advise on minor ailments and medicines use. They provide over-the-counter medicines and prescription-only medicines via patient group directions (PGDs).

This was the pharmacy's first inspection following its relocation from a nearby premises in November 2023.

Standards not met

Standard 1.1

- The pharmacy does not always consider the risks when making changes to its working practices. The pharmacy had introduced new technology to dispense multi-compartment compliance packs for other branches in the company. But it had not adequately defined and implemented its new

working arrangements specific to this pharmacy to keep dispensing safe.

Standard 2.2

- The pharmacy does not always train team members within the necessary timescales to ensure they have the right qualifications and skills for their roles and the services they provide. And it does not always have oversight of team members undergoing qualification training.
