### Pharmacy context and inspection background

This NHS distance-selling pharmacy is set in a pedestrian area of Woking town centre. The pharmacy opens six days a week. It provides most of its NHS services at a distance. But people can visit its premises in person if they want to buy a medicine over the counter or to have their blood pressure checked or get a flu jab or a travel vaccination. The pharmacy dispenses people's prescriptions. It delivers medicines to people in person. It supplies multi-compartment compliance packs (compliance packs) to people who need help managing their medicines. And it delivers the NHS Pharmacy First service to help people who have a minor illness or need an urgent supply of a medicine.

This was a reinspection following an inspection in September 2024 where the pharmacy did not meet standard 4.3. This reinspection focused on those standards which had previously not been met. Following the last inspection, the pharmacy had reviewed and strengthened its processes to make sure the medicines it needed to keep in a refrigerator were suitably stored.

**Overall outcome: Standards met**
