Pharmacy context and inspection background

The pharmacy is in a business park on the outskirts of Warrington. It dispenses private prescriptions mainly for aesthetic products, including botulinum toxins, and for injectable medicines for weight loss. Prescribers and practitioners access services through its website www.smilepharma.co.uk. It delivers most of its medicines to prescribers and practitioners, with some weight loss medicines delivered directly to patients. Some prescribers and practitioners collect medicines and aesthetic products directly from the pharmacy's premises.

This was a reinspection following an inspection in December 2024 where the pharmacy did not meet Standards 1.1 and 4.2. This reinspection focused mainly on those Standards which had previously not been met. Since the previous inspection, the pharmacy has documented and embedded risk assessments and audits relevant to the pharmacy's services, including for the treatments it supplies. It follows its own procedures and is good at making and recording interventions, to help make services safer.
