

# Registered pharmacy inspection report

## Pharmacy name: Badham Pharmacy

**Address:** 101-105 Queens Road, Tewkesbury, Gloucestershire, GL20 5EN

**Pharmacy reference:** 9012478

**Type of pharmacy:** Community

**Date of inspection:** 28/04/2025

### Pharmacy context and inspection background

This is a community pharmacy located in a residential area on the outskirts of Tewkesbury, Gloucestershire. The pharmacy dispenses NHS and private prescriptions. It sells over-the counter medicines. The pharmacy supplies medicines inside multi-compartment compliance packs to help people in their own homes if they find it difficult to take them. And it supplies medicines to people who live in a few of the local care homes.

This was the first routine inspection of the pharmacy since it was registered in July 2024.

**Overall outcome:** Standards met

**Required Action:** None

### Areas of good practice

#### Standard 1.8

- The pharmacy's team members actively ensure the welfare of vulnerable people. They can demonstrate identifying relevant concerns and taking appropriate action in response. The pharmacy also has suitable processes in place to assist with this and team members are suitably trained.

## **Standard 2.2**

- The pharmacy's team members have the appropriate skills, qualifications and competence for their roles and the tasks they carry out or they are undertaking accredited training for this.

## **Standard 2.4**

- The pharmacy has adopted a culture of openness, honesty and learning. The company provides team members with opportunities to progress and additional training which ensures their knowledge and skills are kept up to date.

## **Standard 3.5**

- The pharmacy's premises are professional in appearance with modern fixtures and fittings. The premises have been designed and laid out well. There is ample space available which helps ensure pharmacy services are provided appropriately.

## **Standard 4.2**

- The pharmacy provides its services well. This includes how its team members prepare and supply multi-compartment compliance packs to people who find it difficult to manage their medicines. There are organised processes in place with a robust system of audit trails to help ensure medicines are supplied safely and on time.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 1: Inspection outcomes for standards under principle 1

| Standard                                                                                                                                                                               | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 1.1 - The risks associated with providing pharmacy services are identified and managed                                                                                                 | Met                            |                                                             |
| 1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored                                                                                                 | Met                            |                                                             |
| 1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability                                                                             | Met                            |                                                             |
| 1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate | Met                            |                                                             |
| 1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided                                                                                  | Met                            |                                                             |
| 1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained                                                                                        | Met                            |                                                             |
| 1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services                                              | Met                            |                                                             |
| 1.8 - Children and vulnerable adults are safeguarded                                                                                                                                   | Met                            | <b>Good practice</b>                                        |

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

| Standard                                                                                                                                                                                              | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided                                                                  | Met                            |                                                             |
| 2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training | Met                            | <b>Good practice</b>                                        |
| 2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public                  | Met                            |                                                             |
| 2.4 - There is a culture of openness, honesty and learning                                                                                                                                            | Met                            | <b>Good practice</b>                                        |
| 2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services                                                                 | Met                            |                                                             |
| 2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff                                                      | Met                            |                                                             |

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

| Standard                                                                                                                 | Outcome of individual standard | Area for improvement/ Area of good or excellent practice |
|--------------------------------------------------------------------------------------------------------------------------|--------------------------------|----------------------------------------------------------|
| 3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided                      | Met                            |                                                          |
| 3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services | Met                            |                                                          |
| 3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided                        | Met                            |                                                          |
| 3.4 - Premises are secure and safeguarded from unauthorized access                                                       | Met                            |                                                          |
| 3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare               | Met                            | <b>Good practice</b>                                     |

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

| Standard                                                                                                                                                                                                                        | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 4.1 - The pharmacy services provided are accessible to patients and the public                                                                                                                                                  | Met                            |                                                             |
| 4.2 - Pharmacy services are managed and delivered safely and effectively                                                                                                                                                        | Met                            | <b>Good practice</b>                                        |
| 4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely | Met                            |                                                             |
| 4.4 - Concerns are raised when medicines or medical devices are not fit for purpose                                                                                                                                             | Met                            |                                                             |

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

| Standard                                                                                                                                                                            | Outcome of individual standard | Area for improvement/<br>Area of good or excellent practice |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|-------------------------------------------------------------|
| 5.1 - Equipment and facilities needed to provide pharmacy services are readily available                                                                                            | Met                            |                                                             |
| 5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained | Met                            |                                                             |
| 5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services                                 | Met                            |                                                             |

### What do the summary outcomes for each principle mean?

| Finding                      | Meaning                                                                                                                                                                                |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ✓ <b>Excellent practice</b>  | The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards. |
| ✓ <b>Good practice</b>       | The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.                                |
| ✓ <b>Standards met</b>       | The pharmacy meets all the standards.                                                                                                                                                  |
| <b>Standards not all met</b> | The pharmacy has not met one or more standards.                                                                                                                                        |
