This was a reinspection following an inspection in December 2025 where the pharmacy did not meet Standards 3.1 and 4.2. This reinspection focused on those Standards which had previously not been met. The pharmacy have since made improvements to its website to clarify the structure of the business and ensure people can easily contact the pharmacy when required. And it prints all the information in line with the legal requirements on the dispensing labels to ensure people can take their medicines safely.
