Pharmacy context and inspection background

The pharmacy is on an industrial estate in Sittingbourne. It provides private services at a distance including prescribing for weight loss, erectile dysfunction and hair loss. It does not provide any face-to-face services at the pharmacy. It sells some over-the-counter medicines via its website. And it delivers medicines to people's homes.

This was the first inspection of the pharmacy since it opened.

Overall outcome: Standards met

Required Action: None

Areas of good practice

Standard 1.1

- The pharmacy is good at identifying and managing risks. It regularly reviews its risk assessments and prescribing protocols to ensure that they are up to date. And there are clear procedures for making amendments to ensure they are tailored to the pharmacy's activities. There is a comprehensive business continuity plan and members of the team know where to find it.

Standard 1.6

- The pharmacy keeps detailed records of its consultations, and any counselling or advice given to patients. It keeps copies of video consultations and keeps records of communications with GPs about patients. And it keeps copies of completed questionnaires for medicines supplied via its website.

Standard 2.2

- The pharmacy's prescribers undertake an induction and competence assessment to ensure that they can provide the services safely. Team members are allowed protected time so that they can learn while they are at work.
