

Registered pharmacy inspection report

Pharmacy name: Stag Direct

Address: 10A Haden Street, Birmingham, West Midlands, B12 9BH

Pharmacy reference: 9012608

Type of pharmacy: Internet / distance selling

Date of inspection: 25/06/2025

Pharmacy context and inspection background

This is a pharmacy with an NHS distance-selling contract situated in an industrial estate in Birmingham. The pharmacy dispenses medicines in multi-compartment compliance packs, and it sells pharmacy-only (P) and General Sales List (GSL) medicines online via a third-party platform.

This was the first routine inspection of the pharmacy since it was registered in December 2024.

Overall outcome: Standards not all met

Required Action: Improvement Action Plan

Standards not met

Standard 1.1

- The pharmacy is not fully identifying or managing the risks associated with its services. It does not make contemporaneous Responsible Pharmacist (RP) records and it does not keep its RP records in line with requirements. Its team members are undertaking tasks that they should not be undertaking in the absence of an RP. And the pharmacy cannot show that its team members have read the pharmacy's Standard Operating Procedures. This means that team members may not

always be working in the most safe and effective way.

Standard 1.3

- The pharmacy does not have sufficiently robust systems in place to ensure team members understand and adhere to restrictions on permitted activity when there is no RP present.

Standard 1.6

- The pharmacy does not make contemporaneous Responsible Pharmacist (RP) records and it does not keep its RP records in line with requirements.

Standard 4.2

- The pharmacy does not manage its services safely or effectively. Its team members are not working in accordance with the pharmacy's Standard Operating Procedures. Its assembled multi-compartment compliance packs do not include an audit trail to show staff involved in the dispensing and checking process. So, the pharmacy is unable to provide adequate assurances that these have always been clinically or accuracy checked by a pharmacist before they are supplied. The lack of audit trail would also make it more difficult to identify those involved in the event of a future query or incident. The pharmacy does not include descriptions of individual medicines on compliance packs and it does not routinely supply patient information leaflets with these packs. This means that patients do not have all the necessary information readily available to help them take their medicines safely.

Standard 4.3

- The pharmacy does not keep records of fridge temperatures and therefore cannot demonstrate that medicines requiring cold storage are always stored appropriately and in line with requirements.

Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Not met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Not met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Not met	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: Standards not all met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Not met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Not met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	

Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
