

# Registered pharmacy inspection report

## Pharmacy name: Oushk Pharmacy

**Address:** Suite 1, Orient House, Newton Street, Hyde, Greater Manchester, SK14 4RY

**Pharmacy reference:** 9012610

**Type of pharmacy:** Internet / distance selling

**Date of inspection:** 04/02/2026

### Pharmacy context and inspection background

This is a private pharmacy which offers its services to people through its website [www.oushkpharmacy.com](http://www.oushkpharmacy.com). The pharmacy mainly prescribes and supplies treatments for weight management, but a small number of other prescription medicines are also available. The prescribing service is provided by pharmacist prescribers. The pharmacy also sells a limited range of over-the-counter medicines and some skincare toiletries. People don't usually visit the pharmacy and most medication is delivered using postal or courier services.

This was an intelligence-led inspection of the pharmacy following information received by the GPhC. Not all the Standards were inspected on this occasion. The pharmacy was last inspected in September 2025, and the Standards inspected at that time were met.

**Overall outcome:** Standards met

**Required Action:** None

### Standards that were met with areas for improvement

## Standard 1.1

- The pharmacy responds appropriately to adverse dispensing incidents by reporting them and sharing learning with the team. However, it does not consistently update its risk assessments to demonstrate how emerging risks are being managed and mitigated. Furthermore, standard operating procedures are not always reviewed or amended in a timely manner to reflect changes in practice as a result of patient safety incidents. This means the pharmacy cannot fully demonstrate that risks are being effectively controlled, which may increase the chance of repeat incidents and inconsistent practice.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**
