

# Registered pharmacy inspection report

## Pharmacy name: MedExpress

**Address:** Unit H, Precision Park, Ashbourne Drive, Leamington Spa, Warwickshire, CV31 3SS

**Pharmacy reference:** 9012633

**Type of pharmacy:** Internet

**Date of inspection:** 11/11/2025

### Pharmacy context and inspection background

This is a private distance-selling pharmacy situated in a business unit in Leamington Spa, Warwickshire. The bulk of the private prescriptions it dispenses are for weight management treatments which are generated by a prescribing service which is under the same ownership of the pharmacy. The prescribing service the pharmacy works with is registered with the CQC. Medicines are delivered via courier service and members of the public do not visit the pharmacy. The pharmacy does not hold an NHS contract and it does not offer any NHS funded services.

This was a reinspection of the pharmacy following an inspection in April 2025 where the pharmacy did not meet Standards 1.1 and 4.2. The reinspection focused on those Standards which were previously not met. Since the last inspection, the pharmacy has implemented measures for pharmacists to clinically check prescriptions. The prescribing service it works with has access to and reviews some of its patient's summary care records. And it had introduced improvements into how it checks photographs submitted by people to be able to detect manipulation. However, there were still some areas which require further improvement.

**Overall outcome:** Standards not all met

**Required Action:** Improvement Action Plan

## Standards not met

### Standard 1.1

- The prescribing service the pharmacy works with has implemented some improvements since the last inspection such as use of technology to verify the authenticity of images provided by people accessing weight management treatments. And it has now has access to summary care records (SCRs) to verify some people's medical history. But the pharmacy cannot show that the prescribing service it works with independently verifies people's height, weight and/or BMI when issuing prescriptions for weight management medicines. And a proportion of the people it provides weight management treatments do not have SCR's so medical histories cannot be checked in the same way for these people. This means the pharmacy cannot be sure that the prescribing service it works with is getting all the information needed to make safe prescribing decisions.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

### Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Not met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Standard not inspected	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Standard not inspected	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
1.8 - Children and vulnerable adults are safeguarded	Standard not inspected	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Standard not inspected	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Standard not inspected	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Standard not inspected	
2.4 - There is a culture of openness, honesty and learning	Standard not inspected	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Standard not inspected	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Standard not inspected	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Standard not inspected	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Standard not inspected	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Standard not inspected	
3.4 - Premises are secure and safeguarded from unauthorized access	Standard not inspected	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Standard not inspected	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Standard not inspected	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: Not assessed

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Standard not inspected	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Standard not inspected	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Standard not inspected	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
