

# Registered pharmacy inspection report

## Pharmacy name: Halo Health

**Address:** Part Ground Floor, Drayton Court, Drayton Road, Solihull, B90 4NG

**Pharmacy reference:** 9012676

**Type of pharmacy:** Internet / distance selling

**Date of inspection:** 02/09/2025

### Pharmacy context and inspection background

This is a private, distance-selling pharmacy situated in an industrial estate in Solihull, West Midlands. The pharmacy dispenses private prescriptions that it receives online, either through its own website or from several aesthetic clinics through an online platform. The pharmacy does not have a contract to provide NHS funded services and its premises are not accessible to members of the public.

This was the first routine inspection of the pharmacy since it was registered in March 2025.

**Overall outcome:** Standards not all met

**Required Action:** Improvement Action Plan

### Standards not met

#### Standard 1.1

- The pharmacy has not identified or fully assessed the risks associated with its services. It does not have any risk assessments or prescribing policies in place to provide assurances that the third-party on-line portal and the associated prescribers it works with are making safe prescribing decisions. It does not have processes to independently verify information supplied by people

including people's weight, height and medical history. This means the pharmacy cannot be sure that the prescribing service it works with is getting all the information needed to make safe prescribing decisions.

### **Standard 3.1**

- The pharmacy's website contains information that could potentially mislead members of the public. The website contains the term 'online Doctor' to direct patients to access prescribing services. The pharmacy's prescribing services are undertaken by a pharmacist independent prescriber.

### **Standard 4.2**

- The pharmacy's dispensing process currently does not empower the pharmacy team members to make meaningful interventions on most of the prescription it dispenses. It largely relies on the third-party prescribing service to make clinical checks about medicines people are prescribed. And it does not have a robust process in place to make identity checks of people they are supplying medicines to.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

### Summary outcome: Standards not all met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	<b>Not met</b>	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

### Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public

#### Summary outcome: Standards not all met

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Not met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

### Summary outcome: Standards not all met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	<b>Not met</b>	
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

Summary outcome: **Standards met**

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ <b>Excellent practice</b>	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ <b>Good practice</b>	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ <b>Standards met</b>	The pharmacy meets all the standards.
<b>Standards not all met</b>	The pharmacy has not met one or more standards.
