

# Registered pharmacy inspection report

## Pharmacy name: Barkers Chemist

**Address:** 237 Garratt Lane, London, SW18 4DU

**Pharmacy reference:** 9012806

**Type of pharmacy:** Community

**Date of inspection:** 08/01/2026

### Pharmacy context and inspection background

This community pharmacy is set next door to a health centre on the outskirts of Earlsfield and Wandsworth. The pharmacy is open six days a week. It dispenses people's prescriptions, sells over-the-counter medicines and offers health advice. And it also provides a range of other NHS and private services.

This was the first routine inspection of the pharmacy since it was registered in July 2025.

**Overall outcome:** Standards met

**Required Action:** None

### Standards that were met with areas for improvement

#### Standard 1.2

- The pharmacy team keeps an electronic log of the dispensing mistakes it makes. But it doesn't always review this to help spot patterns or trends. This means team members maybe missing opportunities to learn from their mistakes.

#### Standard 1.6

- The pharmacy generally maintains appropriate records as required by law. However, some records, such as the emergency supply records, the private prescription register and records for the supplies of unlicensed medicinal products, contain inaccurate or missing information. This could make it harder for the pharmacy to demonstrate the reliability of its records when responding to a query.

#### **Standard 4.2**

- The pharmacy keeps a log when it delivers medicines. But it doesn't keep a signed record as its written procedures require its team to do. This could be problematic when it needs to show it has delivered the right medicine to the right person.
- The pharmacy team doesn't routinely provide patient information leaflets for the medicines it supplies in multi-compartment compliance packs. This means that people don't always have all the information they need to take their medicines safely.

#### **Standard 4.4**

- The pharmacy receives drug safety alerts and recalls. But it doesn't always keep records to show that these have been processed. This makes it harder for the pharmacy to demonstrate it has taken appropriate action in response to them.

## Principle 1: The governance arrangements safeguard the health, safety and wellbeing of patients and the public

### Summary outcome: Standards met

Table 1: Inspection outcomes for standards under principle 1

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
1.1 - The risks associated with providing pharmacy services are identified and managed	Met	
1.2 - The safety and quality of pharmacy services are regularly reviewed and monitored	Met	<b>Area for improvement</b>
1.3 - Pharmacy services are provided by staff with clearly defined roles and clear lines of accountability	Met	
1.4 - Feedback and concerns about the pharmacy, services and staff can be raised by individuals and organisations, and these are taken into account and action taken where appropriate	Met	
1.5 - Appropriate indemnity or insurance arrangements are in place for the pharmacy services provided	Met	
1.6 - All necessary records for the safe provision of pharmacy services are kept and maintained	Met	<b>Area for improvement</b>
1.7 - Information is managed to protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
1.8 - Children and vulnerable adults are safeguarded	Met	

## Principle 2: Staff are empowered and competent to safeguard the health, safety and wellbeing of patients and the public

### Summary outcome: Standards met

Table 2: Inspection outcomes for standards under principle 2

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
2.1 - There are enough staff, suitably qualified and skilled, for the safe and effective provision of the pharmacy services provided	Met	
2.2 - Staff have the appropriate skills, qualifications and competence for their role and the tasks they carry out, or are working under the supervision of another person while they are in training	Met	
2.3 - Staff can comply with their own professional and legal obligations and are empowered to exercise their professional judgement in the best interests of patients and the public	Met	
2.4 - There is a culture of openness, honesty and learning	Met	
2.5 - Staff are empowered to provide feedback and raise concerns about meeting these standards and other aspects of pharmacy services	Met	
2.6 - Incentives or targets do not compromise the health, safety or wellbeing of patients and the public, or the professional judgement of staff	Met	

**Principle 3: The environment and condition of the premises from which pharmacy services are provided, and any associated premises, safeguard the health, safety and wellbeing of patients and the public**

**Summary outcome: Standards met**

Table 3: Inspection outcomes for standards under principle 3

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
3.1 - Premises are safe, clean, properly maintained and suitable for the pharmacy services provided	Met	
3.2 - Premises protect the privacy, dignity and confidentiality of patients and the public who receive pharmacy services	Met	
3.3 - Premises are maintained to a level of hygiene appropriate to the pharmacy services provided	Met	
3.4 - Premises are secure and safeguarded from unauthorized access	Met	
3.5 - Pharmacy services are provided in an environment that is appropriate for the provision of healthcare	Met	

## Principle 4: The way in which pharmacy services, including management of medicines and medical devices, are delivered safeguards the health, safety and wellbeing of patients and the public

### Summary outcome: Standards met

Table 4: Inspection outcomes for standards under principle 4

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
4.1 - The pharmacy services provided are accessible to patients and the public	Met	
4.2 - Pharmacy services are managed and delivered safely and effectively	Met	<b>Area for improvement</b>
4.3 - Medicines and medical devices are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; supplied to the patient safely; and disposed of safely and securely	Met	
4.4 - Concerns are raised when medicines or medical devices are not fit for purpose	Met	<b>Area for improvement</b>

## Principle 5: The equipment and facilities used in the provision of pharmacy services safeguard the health, safety and wellbeing of patients and the public

### Summary outcome: Standards met

Table 5: Inspection outcomes for standards under principle 5

Standard	Outcome of individual standard	Area for improvement/ Area of good or excellent practice
5.1 - Equipment and facilities needed to provide pharmacy services are readily available	Met	
5.2 - Equipment and facilities are: obtained from a reputable source; safe and fit for purpose; stored securely; safeguarded from unauthorized access; and appropriately maintained	Met	
5.3 - Equipment and facilities are used in a way that protects the privacy and dignity of the patients and the public who receive pharmacy services	Met	

### What do the summary outcomes for each principle mean?

Finding	Meaning
✓ Excellent practice	The pharmacy demonstrates innovation in the way it delivers pharmacy services which benefit the health needs of the local community, as well as performing well against the standards.
✓ Good practice	The pharmacy performs well against most of the standards and can demonstrate positive outcomes for patients from the way it delivers pharmacy services.
✓ Standards met	The pharmacy meets all the standards.
Standards not all met	The pharmacy has not met one or more standards.
