Pharmacy context and inspection background

The pharmacy is in a row of shops in a residential area in Stockton-On-Tees. It dispenses NHS prescriptions and sells a range of over-the-counter medicines. It provides NHS services including the Pharmacy First Service and New Medicine Service. And it offers a privately run weight management consultation service. The pharmacy provides medicines to some people in multi-compartment compliance packs to help them take their medicines properly. And it offers a medicines delivery service.

This was a desktop reinspection following an inspection in April 2026 where the pharmacy did not meet Standard 2.2. This reinspection focused on the Standard which had previously not been met. Following the previous inspection, the pharmacy has taken appropriate action to ensure all team members have either completed recognised qualifications, or are enrolled on accredited courses relevant to their role in the pharmacy team.
