Effective date:

29/07/2025

Premises standards failed:

1.1, 1.2, 1.6, 4.2

Summary:

Following information received, and an inspection to the pharmacy in July 2025, the inspector found failures in the operation of the pharmacy which presents a risk to patient safety. The pharmacy has failed to demonstrate that it has put in place adequate measures to ensure its prescribing service is safe and effective.

Improvements required:

1. You must undertake a documented and comprehensive risk assessment for the pharmacy's prescribing and aesthetic services.
2. You must put in place robust written procedures for the pharmacy's prescribing service including an appropriate prescribing policy. You must be able to show that you follow these procedures in practice.

3. You must put in place and be able to show that the pharmacy has appropriate ID checks when providing its prescribing service.
4. You must put in place reliable systems to independently verify information provided by patients when prescribing medicines for weight loss. For example, by independently verifying the person's weight, height and/or body mass index. And be able to show these systems are used in practice.
5. You must maintain clear and comprehensive clinical records for each of the pharmacy's private prescribing service consultations.
